

Fawcus Corporate awarded Corporate Finance Lead Adviser of the Year 2013

Fawcus Corporate are delighted to have been awarded Corporate Finance Lead Adviser of the Year in the Acquisition International 2013 M&A Awards for their recent involvement in FoundOcean Limited's Private Equity Investment.

The award was announced in the July 2013 Acquisition International supplement. "AI's M&A Awards celebrate excellence and commemorate the achievement of hard work of all those involved in seeing a deal through to completion. The awards are given solely on merit and are awarded to commend those most deserving for outstanding work over the last 12 months. Our awards recognise leaders in their respective fields and, crucially, are nominated by their clients and their peers."

This award is specifically in recognition of Fawcus Corporate's Lead Advisory role to FoundOcean Limited, in the successful negotiations with Italian based Private Equity house Ambienta SGR Spa and conclusion of the deal. The FoundOcean Private Equity transaction was previously recognised as the Italian/UK Cross Border Environmental Deal of the Year 2012.

"The efficient completion of this complex private equity transaction involved strong teams of professional advisers on both sides" said David Fawcus. "I am absolutely delighted that our work for the FoundOcean director/shareholder team during these constructive negotiations with Ambienta and their professional advisors has been recognised in this unexpected award"
