## Fawcus Corporate – double award winner in 2015

Fawcus Corporate was announced as the winner of the **SME Corporate Finance Advisory Firm of the Year – UK** in the recent Corporate Livewire M&A Awards and was also awarded **Best for Management Team Mentoring – UK** in the Acquisition International 2015 M&A Awards

David Fawcus said “I am delighted that my constructive Lead Advisory approach has been recognised by the achievement of both these awards.

Levels of activity in the M&A market have increased noticeably in 2015 following the General Election, with many strategic purchasers looking for suitable acquisition opportunities. This is a good time for shareholder/directors and other business owners to take the advice that they need to implement their company sale plans, in line with their business goals or their personal lifestyle objectives.”
